Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. **This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-868-2500, ext. 41010 to request a copy. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-868-2500, ext. 41010 to request a copy.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	**$4,400 individual / $8,800 family** for in-network providers. **$0 individual / $0 family** for out-of-network providers.	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care services and office visits are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the maximum out-of-pocket limit for this plan?	**$4,400 individual / $8,800 family** for in-network providers. There is no out-of-pocket limit for out-of-network providers.	The maximum out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own maximum out-of-pocket limits until the overall family maximum out-of-pocket limit has been met.
What is not included in the maximum out-of-pocket limit?	Copayments on certain services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the maximum out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of in-network providers, see https://www.SouthCarolinaBlues.com/links/providers/PreferredBlue	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
