**Vision Service Plan (VSP) -
This Plan's Vision Care Preferred Provider Organization**

The Policy is designed to provide high quality vision care while controlling the cost of such care. To do this, the Policy encourages a Covered Person to seek vision care from vision care practitioners and vision care facilities that belong to VSP, a vision care Preferred Provider Organization (PPO).

The vision care PPO is made up of Preferred Providers in a Covered Person's geographic area. When a Covered Person is enrolled in the Policy, he or she will get an enrollment packet. The packet will: (1) explain how to obtain benefits; and (2) contain information about current vision care Preferred Providers. He or she will also receive information on how to obtain a list of VSP Preferred Providers in his or her area.

A Covered Person may receive vision services from any VSP Preferred Provider. If a Preferred Provider ends his or her relationship with VSP for any reason, VSP will be responsible for furnishing vision services to Covered Persons either through that provider or another VSP Preferred Provider.

Use of the vision care PPO is voluntary. A Covered Person may receive vision care from any vision care provider he or she chooses. And he or she is free to change providers at any time. But, the Policy usually pays more in benefits for covered services furnished by a Preferred Provider. Conversely, it usually pays less for covered services not furnished by a vision care Preferred Provider.

What We pay is based on all of the terms of the Policy. Please read this Certificate carefully for specific benefit levels, Copayments, Deductibles, Payment Rates and Payment Limits.

A Covered Person may call VSP should he or she have any questions about the vision coverage.

How This Plan Works

We pay benefits for the covered charges a Covered Person incurs as shown below. The services and supplies covered under this Certificate are explained in Covered Services and Supplies. What We pay is subject to all of the terms of this Certificate. Read the entire Certificate to find out what We limit or exclude.

Covered charges are the Usual and Customary charges for the services and supplies described below. We pay benefits only for covered charges Incurred by a Covered Person while he or she is covered by this Certificate. Charges in excess of any Payment Limits shown in this Certificate are not covered.

If a Covered Person plans to use the services of a Preferred Provider, the Preferred Provider must receive authorization from VSP. See Obtaining Services from a Preferred Provider. If authorization is not received, benefits will be paid as if services and supplies were received from a Non-Preferred Provider.

If a Covered Person receives services or supplies from a Non-Preferred Provider, he or she must submit the itemized bill to VSP for claims payment. Please refer to Vision Claim Provisions in this Certificate.

Copayments: A Covered Person must pay a Copayment each time he or she receives a vision examination. And, he or she must pay a Copayment each time he or she receives lenses or a frame or a complete pair of eyeglasses covered by this Certificate. Cash Deductibles: There are separate cash Deductibles for each covered service furnished by a Non-Preferred Provider. These cash Deductibles are shown in the Schedule of Benefits. The Covered Person must have covered charges in excess of the cash Deductible before We pay benefits for the service or supply. The cash Deductible will be subtracted from the reimbursement to the member.

Payment Limits: Payment limits, durational or monetary, are shown in the Covered Services and Supplies. When a monetary Payment Limit is set for a pair of materials, the limit is halved if only one item is purchased.

Payment Rates: Once a Covered Person has paid any applicable Copayment or Deductible, We pay benefits for covered charges under this Certificate at the Payment Rate shown in the Schedule Of Benefits. What We pay is subject to all of the terms of this Certificate.

Discounts: If a Covered Person receives a vision examination and lenses or frames from a Preferred Provider, he or she will receive a discount on the cost to purchase an unlimited number of prescription glasses from the same Preferred Provider. He or she may also receive a discount on the costs to evaluate and fit contact lenses. No discount applies to contact lenses or materials. The discount is available for 12 months after the initial examination from the same Preferred Provider. Discounts may not be available at all locations, check with Your Preferred Provider.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America

10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Vision benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Statement of Erisa Rights (Cont.)

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order and Qualified Domestic Relations Order

Federal law required that group health plans provide medical coverage for a dependent child pursuant to a qualified medical child support order (QMCSO). A dependent child also includes a child for whom You must provide Vision Insurance due to a QMCSO as defined in the ERISA Section 609(a) United States Employee Retirement Income Security Act of 1974, as amended.

You and your beneficiaries can obtain, without charge, from the plan administrator, a copy of any procedures governing Qualified Domestic Relations Orders (QDRO) and QMCSO. You may also obtain this information on the U.S. Department of Labor's website or You may contact them in your telephone directory.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

If you have questions about this section, see your plan administrator.

Vision Benefits Claims Procedure Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with discretionary authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has discretionary authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

B435.0148

All Options

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination The Benefit Determination period begins when a claim is received. Guardian will make a Benefit Determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any Adverse Benefit Determination must be provided.

Guardian will provide a Benefit Determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a Benefit Determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a Benefit Determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a Benefit Determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the Adverse Benefit Determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to reconsider the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- Identification and description of any specific internal rule, guideline or protocol that was relied upon in making an Adverse Benefit Determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an Adverse Benefit Determination on appeal, and;
- In the case of an Adverse Benefit Determination based on medical necessity or experimental treatment, either an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimant(s) the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial Adverse Benefit Determination nor that person's subordinate;

- In deciding an appeal based upon a vision or medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify vision or medical experts whose advice was obtained in connection with an Adverse Benefit Determination;
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a professional judgment shall be neither the person who was consulted in connection with the Adverse Benefit Determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the Adverse Benefit Determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an Adverse Benefit Determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
- If applicable, provide the internal rule, guideline, protocol, or other similar criterion relied upon in making the Adverse Benefit Determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the Adverse Benefit Determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
